Article 1 (General Information)

Under the terms of Decree no. 270 of 22 October 2004 issued by the Italian Ministry of Education, University and Research, the Alma Mater Studiorum - University of Bologna, Bologna campus, will run a 1st level Professional Master's programme, in "Master in Data Science" for academic year 2018-2019. The programme lasts for one year (full time attendance) and is delivered in the English language. The programme awards 60 learning credits (CFU).

The programme is run in collaboration with Fondazione Bologna University Business School (hereinafter referred to as BBS).

Following the learning activities in the classroom, a training project in the field, either in Italy or abroad, is to be carried out in the form of an individual stage (internship) or in the form of a research project (project work). At the end of the internship or the project work, participants need to submit a written report on the activities they carried out and the results reached.

The Master offers participants the possibility to fill managerial positions in various areas of business and to occupy positions of management at the national and international level.

Further information on the objectives, professional context and teaching programme can be found in the Master's Programme presentation sheet published on the website <http://www.unibo.it/Portale/Master/Master+Universitari/default.htm>

Attendance is compulsory. The minimum percentage of attendance is 70%.

At the end of the teaching activities, students will express their own opinions through the on-line completion of a questionnaire.

The master is a post-graduate course with a closed number of places. The minimum number of participants for the activation of the master is 12 while the maximum is 40. Entrance is subject to the selection procedures indicated in art. 7.

Failure to reach the minimum number of participants or the failure to reach the minimum budget requirements will result in the master not being activated.

Within 5 working days of the closure of enrolments, the university will communicate to the students, via email, the activation or non-activation of the master.

In the case of non-activation the university will request from all enrolled an **IBAN code**

linked to a personal bank account, entitled or co-entitled to the enrolled person in order to activate the process of reimbursement of the fees paid (excluding the processing the fee)
